

LIGHT RED BLEND

D.O CASABLANCA-LEYDA-COLCHAGUA COSTA

- RED - QUARTZ

ORIGIN

This small batch Quartz-Light Red Blend comes from coastal vineyards of mainly Pinot Noir, Tempranillo and a small touch of Chardonnay and it is crafted for being a juicy, fresh and delicious Light Body Red Wine. With its delicate floral aromas and subtle earthy notes, you can find in this wine a great company for many occasions. This fresh and lively red blend is extremely food friendly and was inspired in the wines that are daily served in the countryside with simple homemade food and served in between great talks and laughs with friends and family.

Red Quartz – Light Red Blend comes from coastal range mountains vineyards, well known for their high Quartz Crystals composition in the soils. It is not clear the effect of these Quartz Crystals on vines and grapes, but it is believed by many cultures that quartz crystals heal, cleanses, balances and strengthens the chakras, resulting in physical, mental and emotional well-being. If it does have such effects in humans, we would like to think that can have something similar with vines and their grapes.

PHILOSOPHY AND WINEMAKING

Our philosophy behind the winemaking was to make a unique blend that would resemble the field blends of Pais, Malbec, Carignan, Semillon and other early introduced varieties in rural areas, and that we used to drink back in the day, resulting in juicier, lighter but complex wines that the farmers would enjoy for their everyday occasions. With this blend of Pinot Noir – Tempranillo and Chardonnay, we revive these memories and make us want to get back in time. The grapes are hand-picked by local farmers and their families rather earlier in the season looking for that fresher style.

The winemaking process is simple and with minimum intervention, making every variety separately, as they come from different growers and regions. The wine is fermented in stainless steel tanks and after is aged with selected neutral French oak for no more than 3 months. Low filtration is used trying to maintain its tannins and structure.

Finally, the blending process of components is carefully made to find our desired wine. All this process allows us to create an exquisite and uniquely crafted Light Bodied Red Blend based on Pinot Noir.

You can save this wine for the next 3-5 years.

TECHNICAL INFORMATION

Alcohol:	13.2%
PH:	3.57
Total Acidity:	5.01 gr/l
SO ₂ :	29 mg/l
Volatile Acidity:	0.64 gr/l
Residual Sugar:	2.66 gr/l

TASTING NOTES

Intense aromas of fresh strawberries, fresh-picked cherries and with notes of tropical fruit and hints of violet. The well-integrated oak adds elegance and complexity – lightly toasted hazelnut and vanilla notes and very gentle, rounded tannins.
